C# Developer, [RSTN Consulting](#), Taipei, Taiwan Jan 2022 – Present

C#/.Net 5/MS SQL/HTML/CSS/JavaScript/jQuery/Angular.js/Angular/Web API

- Financial project development of legal person property insurance, , front-end with angular.js framework, and the server API we are using C# to develop.
- Testing report writing, to ensure the reliability and safety of the program I have to write any negative or positive possibilities to help testing after finishing the whole project.
- Angular framework practice, had been given a side project to help me improve my understanding and familiarity of Angular.

Student of Software School, [UCOM](#), Taipei, Taiwan Aug 2021 – Dec 2021

C#/ASP.Net Web Form/.Net Core MVC/MS SQL/HTML/CSS/JavaScript/jQuery/Vue.js/API

- Using Visual Studio for web development, the back-end language is C#, Database is MS SQL and front-end languages are HTML, CSS and JavaScript
- Shopping Cart web with .Net Web Form framework, based on real shopping webs, the process is from products display, adding items to shopping cart, and finally to checkout
- ERP system development in a four members group, using .Net Web Form to develop. The application scenario is based on banks. The part I was responsible for development is clock in/out system, day off system, and message board
- Tour guide page, using .Net Core MVC to build up, front-end with Vue.js to do data-binding and Ajax to do the API connection with back-end.

Financial Consultant/ Teller, [E.sun Bank](#), Taipei, Taiwan Aug 2020 – Aug 2021

- Customer services for basic financial transaction, like deposit, withdrawal, transfer, and remittance
- Money Laundering Prevention, as a teller, front line of banks, we had to notice any possibilities of money laundering, so high alertness on every customer transaction would be necessary.
- Selling financial commodities, including funds, insurances, bonds, et cetera

Chef, Housekeeper, Receptionist, [Ellel Ministries Christian Centre](#), Farnham, Surrey, England May 2018 - Mar 2020

- Nine months discipleship in English, which basically takes reference on military life, including character training, bible study, work out, and curfew. And besides that, we still need to work five days every week.
- Chef in the kitchen.
- Housekeeper, room cleaner and receptionist

Research Assistant, [Chang Gung Memorial Hospital](#), Keelung, Taiwan Mar 2017 - Sep 2017

- Sending the stool and urine examination samples from patients to the laboratory.
- Organizing the promotion of free cancer analysis in certain communities to let old people know the danger and importance of cancer.
- To research the rate of specific cancers every month and track potential cancer patients.
- Doing Advocacy of four free cancer examination in Taiwan, which are uterine cancer, colorectal cancer, breast cancer, and oral cancer.

Voluntary Assistant, [AIESEC](#), Xian, China Jul 2016 - Aug 2016

- English teacher in summer camp, I was using English to take some simple communication with students, like easy vocabularies, important phrases, et cetera.
